Dear learners!

The authors of the book know for sure that you are true lovers of English.

We hope our book will help you to practice the language and skills in English Grammar. It is equally valuable for university students, as the tasks of each unit give the opportunity for more practice and enable them to assess how much they have learnt.

In any case, if you're fallen in love with the language of Shakespeare, may this be beginning of a long and happy romance.

The aim of this book is to make it possible for you to follow your own best route to your destination – success in mastering English.

We hope our love of English and our love of teaching shines through these pages.
